

Bower® Type E Bearing Units

Features and benefits

1. One-piece, sturdy cast iron housing to withstand demanding applications
2. Extended inner ring allows for greater contact surface to the shaft which provides better performance and stability
3. Threaded housing nut keeps the bearing clearance set and provides great seal support
4. Self-aligning, double-row spherical roller bearing allows for easy alignment and can handle +/- 2° of misalignment
5. Set screw locking collar secures the inner ring to the shaft
6. Machined brass retainer with offset pockets results in cage stiffness for high vibratory applications
7. Double-lip seal molded onto a metal guard provides superior sealing performance in extreme environments
8. Elongated mounting slots for versatile mounting configurations

Beyond Bearings

Training. Installation Support.
Trouble-shooting. And more.

When you choose NTN, your team is equipped with all the necessary tools and resources to get the job done right. From installation to problem-solving, we'll be there with the hands-on support you need to take on your toughest challenges. This includes extra services such as:

Technical Training Unit

On-site, mobile training unit offering specialized, hands-on instruction from NTN's technical team and always customized to your needs

Product Training School

Three days of in-depth instruction offered exclusively to our distributor partners from the NTN Engineering and Service group

Maintenance Training School

An intensive three day course on the design, application and maintenance of anti-friction bearings with hands-on workshops

eKnowledge

WEB-BASED TRAINING PROGRAM

Six online product training modules covering different bearing types and nomenclature that can be completed on your own schedule (www.ntnamericas.com/eknowledge)

Applications Engineering

Engineering technical support and expertise to provide solutions to your most challenging bearing applications

NTN Bearing Finder

Customizable search tool featuring exhaustive data sheets, comprehensive part interchanges and interactive CAD drawings (www.bearingfinder.ntnamericas.com)
